TECHNOLOGY

SCRUBTEC R 586 / R 571 / R 571 C

ride on scrubber-dryer

The absence of a steering column and foot pedals provides an excellent view of the scrub path and allows for easy and safe access to the cock pit from either side of the machine.

Squeegee automatically lifts in reverse. Optional clean-out port allows for fast flushing of recovery tank debris.

The side squeegee tracks behind the extended scrub deck for complete solution pick up, even on turns, leaving the floor dry and safe.

SCRUBTEC R 586 / R 571

SCRUBTEC R571 C

Rear wheel transaxle drive provides superior traction.

On board battery charger enables the machine to be charged anytime, anywhere.

Easy and quiet to operate maximises operator productivity.

Wet sweeping debris is collected in an easy to empty hopper. (R 571 C model).

Two 150mm diameter, counter rotating brushes are easy to service without any tools (R 571 C model).

Gimbal mounted pad driver and brushes follow the contours of uneven floors (R 586 / R 571).

EASE OF USE - iDrive System

Unique iDrive controller replaces the conventional steering wheel and column and provides effortless power steering and scrubbing functions at the touch of your fingers.

Typical foot pedal functions such as braking and acceleration are also accomplished with finger tip control using iDrive.

OPTIONAL ACCESSORIES (see product catalogue for further accessories)

Pads

Available to suit a wide range of floor surfaces and cleaning requirements.

Brushes

Wide variety of brushes available – in various textures to suit all cleaning applications

Detergents

Wide variety of detergents available for the effective removal of all types of dirt and grime.
